

Welcome to The 'Joe' Dickey Electric Greatest Golfer Juniors Championship presented by Youngstown Tile and Phantom Fireworks.

Greatest Juniors events are 18-hole competitions in age 15-18 and 12-14 divisions. Players play in a division based on their age at the start of the season - May 1. Players are eligible for the upper division thru the summer of their graduation year. Players under age 12 who wish entry must show previous competitive play.

To enter, ALL players should have previously competed in competitive events (9 or 18 holes). Greatest Golfer is a grind. It is not an intro event for players brand new to golf. We want all kids to enjoy golf.

Please don't subject your child to a long, hot, competitive day that they have not yet worked up to. For beginners, we encourage Parto's and Mill Creek among a host of GREAT starter leagues.

All events are generally limited to 60 players total. The summer series leads to a July championship consisting of winners of qualifiers and players earning top points based on finishes at qualifiers.

On our schedule, the listed time is the first tee time for the day, starting with Boys u17. It's always tee times off No. 1 to start <u>unless SHOTGUN START is noted</u>. At those events, all players tee off at that time.

General yardages at each event:

Boys u17: 6,200, Girls u17: 5,500, Boys u14: 5,500, Girls u14: 4,800

Each event fee is \$70. There is no administration or membership fee for the overall program.

ALL PLAYERS should register with their OWN personal email as it launches live digital scoring that they must do while competing. There is room on the form for secondary parent emails to be added.

#### THE CHAMPIONSHIP

The u17s will play 36 holes and the u14s will play 18 holes.

Qualifying for the championship happens two ways:

Players can win a qualifier for an automatic bid.

Or, players can qualify by earning points at each event. Up to 5 players will be awarded finals spots based on points. We award 5 points for a 2nd; 4 points for a 3rd; 3 points for a 4th and 2 points for a 5th. All other players get 1 point for completing their round.

Players that have win a qualifier can play in future qualifiers. But they do not affect winners or points for those events.

In u14 play, once a player wins a qualifier, they can request to play up in u17 qualifiers to test their skills. They will not affect points nor be eligible to play in the u17 finals. It is just for show.

## OTHER STUFF:

- The u17s play just like HS and junior events: Leave them alone; let them play and figure it out. They know more than us just ask them. Parents stay away from the greens and tee boxes; watch from 50 to 100 yards away.
- With u14s, we try to strike a balance between official high school golf and "get the kids off the course before a 5-hour round kills their spirit."

We will marshall play on the course. We invite U14 parents in a very subtle way to usher play around the course: Ready golf, helping find balls, moving to next tee box swiftly, scoring away from the green, grabbing the pin, etc ...."

**NOT VERY SUBTLE** is Coaching about club selection, shot choice, how to manage a situation, etc.

#### Par-Plus-2 Rule:

We ask ALL PLAYERS (u17s and u14s) to employ "Par-plus-2" if you are having a bad day and holding the group behind. The rule means:

If after 4-5 holes, your scoring trend for the day is double, triple and quad bogeys and to not finish in the Top 5, you should play "Par-plus-2" the rest of the round.

Under this, players will play a hole until they are at double bogey. They then pickup the ball wherever they are (fringe, fairway, green, sand) and score a double on the card. The player should stay with group and proceed to next hole like it is a real round. If they hit double bogey again on next hole, repeat the above.

# Why we do this:

We do not want to see players scoring 7s, 8s, 9s and 10s all day. That is perilous to all, makes for a 5-hour day, and dampens enthusiasm. Such a score can happen on a few holes, and that is fine. But if it is all of your first 4-6 holes, we ask to play "Par-plus-2."

Playing this rule takes you out of the official match and makes this event a practice round. That is OK!!! We have other events to try again.

We will counsel onsite on this. If officials look at your scorecard and order a player to play Par-Plus-2, it is NOT AN OPTION. It is an official decision. Failure to adhere will affect future play access.

## **SOME MORE PLAYING RULES:**

- Range finders permitted, but cannot detect elevation.
- We reserve right to assign rules and standards to ensure fair and expedient play.
- All players must walk. Pull carts optional. No caddies, except for finals.
- Spectators allowed but cannot advise play except in finding lost balls. Note the exception for u14s above.
- Cart-rental access for spectators is a course-only decision. Spectators desiring carts should call the course ahead of time. Do not call Greatest Golfer.
- For championship tie-breakers at each qualifier, where possible, we will send the players back out onto course; holes determined by course. If not, then it is a playoff by scorecard using standard of back 9 holes, back 6 holes, then back 3. Next breaker is by toughest handicap.
- Each event's competition committee consists of course management, the Greatest operations team, and the Greatest competition committee.
- Each course has local play rules that will be discussed at first tee.
- All junior players will use the <u>GolfLeagueSite Digital scoring</u>. Please download the app before you arrive on course.

Search "GolfLeagueSite" in the app store.

Launch the app, then go immediately to RESET PASSWORD. The app will ask for an email to reset your password. It MUST be the player's email.

And lastly — remember our funders.

Eric Carlson and The 'Joe' Dickey Electric team would love to serve you as they are serving your golf play this summer.

Josh Cohol and the team at Youngstown Tile are especially cool, too.

Phantom Fireworks is pure summer fun. We have more. Check them out.
